Administrative Order

Subject: Approval of Program Learning Outcomes of Department of Politics and International Relations

Based on the recommendation of the Council of Department of Politics and International Relations, as recorded in the minutes of its meeting No. (16) held on 28 / 9 / 2026, and in accordance with the university's academic and quality assurance requirements, we hereby order the approval and adoption of the Program Learning Outcomes (PLOs) of Department of Politics and International Relations, as attached to this Administrative Order. This order shall be effective from the date of its issuance.

PROGRAM LEARNING OUTCOMES (PLO)

Upon successful completion of the program, graduates will be able to:

PLO1 – Knowledge: Demonstrate comprehensive knowledge and understanding of major concepts, theories, institutions, and processes in Politics and International Relations at local, regional, and global levels.

PLO2 – Critical Thinking: Apply critical, analytical, and logical thinking to evaluate political events, international issues, and complex societal challenges.

PLO3 – Research Skills: Apply appropriate research methods to collect, analyze, evaluate, and communicate evidence-based information in Politics and International Relations.

PLO4 – Policy Analysis: Analyze political and international problems and formulate evidence-based recommendations relevant to public policy and decision-making.

PLO5 – Communication: Communicate political and international ideas effectively through written, oral, digital, and professional forms of communication.

PLO6 – Professional Skills: Demonstrate practical and professional skills necessary for employment in government, public institutions, international organizations, civil society, media, and other relevant sectors.

PLO7 – Ethics and Citizenship: Demonstrate ethical, socially responsible, and respectful behavior, with an understanding of human rights, diversity, civic responsibility, and democratic values.

PLO8 – Lifelong Learning and Social Contribution: Demonstrate the ability to develop personal talents, pursue lifelong learning, and contribute constructively to positive social, political, and national development.

Administrative Order

Subject: Approval of Program Learning Outcomes of Department of Business Management

Based on the recommendation of the Council of Department of Business Management, as recorded in the minutes of its meeting No. (4) held on 29 / 9 / 2026, and in accordance with the university's academic and quality assurance requirements, hereby order the approval and adoption of the Program Learning Outcomes (PLOs) of Department of Business Management, as attached to this Administrative Order. This order shall be effective from the date of its issuance.

PROGRAM LEARNING OUTCOMES (PLOs)

Upon successful completion of the bachelor's degree in the Department of Business Management, graduates will be able to:

1. Demonstrate comprehensive knowledge of core business disciplines, including management theory, marketing, finance, human resource management, leadership, and strategic management.
2. Analyze organizational and market environments using quantitative and qualitative tools to support evidence-based managerial decision-making.
3. Develop strategic plans and operational solutions that enhance organizational performance, competitiveness, and sustainability in both local and international level.
4. Apply leadership, teamwork, and communication skills effectively in multicultural and professional environments.
5. Demonstrate ethical responsibility, critical thinking, and entrepreneurial mindset in managing businesses and responding to economic and societal challenges.

Administrative Order

Subject: Approval of Program Learning Outcomes of Department of Accounting

Based on the recommendation of the Council of Department of Accounting, as recorded in the minutes of its meeting No. (13) held on 28 / 9 / 2026, and in accordance with the university's academic and quality assurance requirements, we hereby order the approval and adoption of the Program Learning Outcomes (PLOs) of Department of Accounting, as attached to this Administrative Order. This order shall be effective from the date of its issuance.

1. PROGRAM LEARNING OUTCOMES

Students who graduate from the program will be able to:

1- Apply the principles, concepts, and standards of accounting to record, classify, and summarize financial transactions.
2- Prepare and interpret financial statements in accordance with recognized national and international accounting standards.
3- Use modern accounting and office software (Excel, accounting/ERP systems, and databases) to process financial data efficiently and accurately.
4- Apply cost and managerial accounting techniques to support planning, control, and decision-making.
5- Perform tax, governmental, and specialized accounting tasks in compliance with applicable regulations.
6- Plan and conduct auditing procedures and evaluate systems of internal control.
7- Analyze financial and economic information to support investment, financing, and managerial decisions.

8- Conduct accounting research using appropriate methodology and communicate the results effectively.
9- Demonstrate professional ethics, integrity, teamwork, and a commitment to confidentiality and continuous learning.

Administrative Order

Subject: Approval of Program Learning Outcomes of Department of Law

Based on the recommendation of the Council of Department of Law, as recorded in the minutes of its meeting No. (3) held on 22 / 9 / 2026, and in accordance with the university's academic and quality assurance requirements, hereby order the approval and adoption of the Program Learning Outcomes (PLOs) of Department of Law, as attached to this Administrative Order. This order shall be effective from the date of its issuance.

PROGRAM LEARNING OUTCOMES (PLOs)

Upon successful completion of the program, students will be able to:

1. Demonstrate comprehensive knowledge of all significant and pertinent legal subjects relevant to their professional future after graduation, with particular awareness of the most recent legislative amendments and legal developments.
2. Apply academic legal writing methodologies by utilizing the foundational principles and techniques of both academic and legal composition in their research and written work.
3. Integrate theoretical legal knowledge with practical application, thereby enhancing their preparedness for the labor market through participation in scientific field visits and the conduct of mock trials in the department' s model court.
4. Employ critical, constructive, and divergent thinking in the analysis and resolution of legal issues and case studies.

5. Communicate effectively through enhanced oral expression and deliver well-structured, persuasive seminar presentations.
